NTN GUIDE

A GUIDE TO NTN SERVICES

Welcome

“Having the best product is not enough. Investors must identify with a company, its people and its products on an emotional level if they are to believe in and try something new. We endeavor to create relatable moments that communicate NTN’s uncommon understanding of real estate investment.”

*Edward F. Byczynski
Founder and CEO*

WHAT IS TENANT SCREENING?

TENANT OR RESIDENT SCREENING is the general term used to describe the process of obtaining relevant credit and public record information by landlords and property owners in order to better evaluate a prospective tenant. The applicant's personal information is collected on the rental application, along with an authorization allowing the landlord to use this information in making a tenant selection.

Tenant screening companies, such as NTN, are strictly regulated under the terms of the Fair Credit Reporting Act. Anyone requesting consumer credit information about an applicant must show "permissible purpose" before receiving the records. There are three national credit bureaus providing this information: Equifax, Experian and TransUnion.

In addition to consumer credit information, tenant screening reports may also include criminal records, eviction records, sex offender registry searches, Patriot Act or OFAC searches and rental or employment verifications.

WHY SCREEN PROSPECTIVE TENANTS?

REAL ESTATE INVESTORS often buy a property, repair or renovate and sell. It is the responsibility of the lender to determine if the prospective buyer meets all the relevant criteria. As a seller, once the buyer's check is in your hand, you don't worry about who is living in the house. It's no longer your responsibility. But what happens when the investment property doesn't sell? Or you decide to keep it for a few years before selling. Managing a rental property involves a commitment to property maintenance, record keeping, and above all, selection of the best possible tenant for the property. Selecting the best tenant protects your investment. Good tenants not only pay the rent on time, but are the onsite stewards for your property. If you select the wrong tenant, you run the risk of loss of income from unpaid rent, possible property damage or liability for the actions of your ill-advised choice of renters.

FAIR HOUSING LAWS are in place to prevent discrimination in housing transactions, including sale, rental or financing of property. The Fair Housing Act prohibits discrimination based on race, color, national origin, religion, sex, familial status and disability. Should you violate these laws as a landlord, whether intentionally or accidentally, you may be sued in Federal Court and ordered to pay actual and punitive damages as well as attorney's fees and costs.

CREDIT FRAUD & IDENTITY THEFT are growing national problems. Millions of Americans fall victim to identity theft, crimes that cost them approximately five billion (\$5,000,000,000) dollars each year.

THE SOLUTION

NTN DecisionPoint

Ensure sustained cash flow, profitability and growth
Making credit compliance easier

NTN knows there are huge demands on managers and property owners today. Multiple decisions must be made about applicants in a limited time span—decisions critical to:

- protecting and growing your investment;
- serving your current residents, and
- minimizing daily management problems.

We work in partnership with our subscribers to prevent risk and protect assets.

Protecting and growing investments for
Enterprise Level Managers
Multi-Property Firms
Public Housing Authorities
Individual Landlords

In order to combat credit fraud and identity theft, subscribers who wish to continue to receive credit reports on their applicants are required to submit paperwork confirming their identity and business status. To make the process less cumbersome for its subscribers, National Tenant Network created NTN DecisionPoint.

Using *your* acceptance criteria, NTN DecisionPoint programming produces an applicant score, much like a credit score, and a corresponding rental recommendation. These are based on a thorough and objective analysis of both the applicant's credit record and his rental history, including evictions and lease violations.

NTN DecisionPoint provides subscribers with:

1. Verification of information on the rental application;
2. Proprietary NTN default acceptance standards to fully evaluate the applicant;
3. The ability to customize credit and tenant-performance settings to use your acceptance criteria;
4. A fair and meaningful score and rental recommendation;
5. A rejection letter, if applicable - fully compliant with the Fair Credit laws;
6. Alerts which call your attention to areas of concern;
7. A messages section to aid understanding of the reports results.

To assist you in identifying the more stable applicants, NTN DecisionPoint also examines: **longevity of employment and longevity of residence**, ensuring a higher probability of overall resident retention.

PART TWO

NTN TENANT PERFORMANCE PROFILE

Addresses the four most costly application misrepresentations

As the nation's oldest, national resident screening company, NTN serves subscribers nation-wide from over 20 regional offices. Every member of our team is focused on a single goal: to help property owners and managers make the best leasing decisions possible - time after time and without fail.

There are huge demands on managers and property owners today. Multiple decisions must be made about applicants in a limited time span - decisions critical to protecting and growing your investment.

At NTN we are redefining what you can expect from a resident screening service. No matter what your level of inquiry or management responsibility, NTN delivers solutions that meet your specific requirements.

NTN DecisionPoint is accompanied by the **NTN Tenant Performance Profile**, which provides:

1. A detailed listing of national evictions
2. Previous Lease violations and tenant-worthy ratings involving your applicant
3. Your applicant's screening history and SSN check
4. Current and previous landlord identification
5. A terrorist (OFAC) search

Research conducted by the Corporate Headquarters of NTN, Inc. shows that investors in rental real estate lose over twelve billion (\$12,000,000,000) dollars a year to incidents of evictions, skips and damages in each incident which are over and above standard wear and tear.
